

## OUR NEW ANGEL

On September 7, 2008 Tony Randolph Hunter and a friend were severely beaten by 4 unidentified assailants near Eighth and N Streets NW. Randolph died on September 18<sup>th</sup> at HU Hospital due to injuries from the attack. Family and friends are gathering at MCC Church in the neighborhood of the assault and walking from there to the location of the attack to commemorate the life of our friend and the senseless nature of this violent crime.

Come join us in our effort to communicate to the city and the police that we are united in our belief that hate crimes of all gay people will no longer be tolerated. Randolph was one of us and his death could have been any one of us.

Peace and Blessings.
